July 27–Aug 1, for ages 13–17

JCC MACCABI® CAMPUS GAMES

PITTSBURGH

August 3–8, for ages 13–17

Contact: Kyle@jccgv.bc.ca

From the moment they march into the Opening Ceremony with their delegation at the kickoff of JCC Maccabi®, teens know they are in for something special.

And they get it. A program filled with competition in a sport they love, the excitement of meeting new friends from all over the world, giving back through community service, and discovering a connection to Israel and the Jewish world unlike anything they've ever experienced before. This Olympic-style sporting event for Jewish teens is held every summer. More than 2,000 athletes from delegations across North America, Europe, Latin America, Israel, and beyond attend the competition. Hosted by JCC Association of North America in partnership with communities around the country, the Games offer teens opportunities to compete in team or individual sports and participate in social activities and social action projects rooted in Jewish values.

As the managing partner for JCC Maccabi Games®, JCC Association works closely with the host communities and their local JCCs to develop this transformative program that builds Jewish identity and community.

This year there are two incredible opportunities.

In Tucson, teens 13-17 will feel the magic of the week-long competition along with program highlights that include:

- Community Service • Global Jewish Connections
- HangTime • Opening Ceremony • Evening Events
- 6 Midot (Values) • Host Family Night

In Pittsburgh, teens 13-17 will feel the magic of the week-long competition along with program highlights that include:

- Community Service • Global Jewish Connections • HangTime • Opening Ceremony • Evening Events • 6 Midot (Values) • Dorm Accommodations • Division 1 college athletic facilities
