

How to Add a Family Member in the New System

You can add multiple family members in the new registration system, and register courses for them.

- Log in to your account.
- Go to **My Info** in the top navigation.

- In your profile, click the “**Add Family Member**” button.

- Enter your **Family Member** details, and submit when you finish all the required information..

The image shows a mobile application form titled "Add Family Member". The form contains several input fields: "First Name", "Preferred Name", "Last Name", "Birthday" (with a dropdown menu showing "January"), "Day", "Year", "Gender" (with a dropdown menu showing "Gender"), and "Email". The "First Name", "Last Name", and "Year" fields are highlighted with red borders and have a red error message below them: "First Name is required", "Last Name is required", and "Birthday is required" respectively. The "Year" field also has a "Required" label. At the bottom of the form, there are two buttons: "Cancel" and "Submit".

- Click Myinfo again, now you can find your family members in a table list.

You are all set!

You have now successfully added a family member in the system. If you have any questions or need further assistance, please don't hesitate to contact our support team.
